

Update January 2021

2021 Greetings from the BRP Team...!

We pray the Lord's grace and mercy upon all His people in the challenging year that lies ahead of us.

In 2019 ... when the Botsis Retirement Project was conceived ... Rod's retirement somehow seemed so far-off! But now that we have crossed the threshold of 2021 ... it's no longer far-off. The time has come for us to get to work and give real substance to the dream of blessing Rod and Mandy in this very special way.

First of all ... thank you so, so much to everyone who has generously donated so far to the project. We are now confident of being able to deliver on the promise of saying a **big collective thank you** to Rod and Mandy for their 41 years of service of the Lord's people at Bellville and beyond. For those folk still intending to donate ... your gifts will still be gratefully received ... with the assurance that every last Rand will be used to bless Rod and Mandy.

The Team will now, during January, be setting up a detailed programme for the various work streams that will be necessary. We are hoping to be able to share this information with you by early February ... after which we will be providing more regular updates.

Just as a reminder everyone ... all documents relating to the project that have been sent out so far to everyone on our database can be found on BPC's website at <https://www.bpc.org.za/blog/news/>:

1. Launch Letter March 2020
2. Fundraising Letter June 2020
3. Update July 2020
4. Update September 2020
5. Update November 2020, and now...
6. Update January 2021.

If there is anyone you think we may have missed out, please send us their details to finance@bpc.org.za and we will add them to our list of potential donors.

We would encourage those who are still planning to donate to consider that making smaller regular donations over the months ahead may be less impactful in these difficult times. The closing date of this fund raiser is June 2021, so time is not the issue!

Finally, we would ask that the project would be held up in all our prayers so that we may see the successful completion of the project in 2021.
